

# APM Allied Health Graduate Program

Enabling better allied health careers

[Apply Now](#)

**APM**  
enabling better lives

## **The APM Allied Health Graduate Program - provides you with the opportunity to gain experience working for one of our participating health brands, all a part of APM's broader Health and Wellbeing portfolio.**

Graduates can find work in a variety of settings across the country.

If you have a degree in Occupational Therapy, Exercise Physiology, Physiotherapy, Psychology, Rehabilitation Counselling, or Speech Pathology, apply today to be one of the graduates joining the APM Group.

Following the completion of a successful program, you will continue to assist your clients while broadening your experience as a healthcare professional.

- ✓ Permanent full-time opportunities
- ✓ Build your skill set and career options across multiple businesses and locations
- ✓ Supportive environment and network
- ✓ Free access to 30+ development courses with MCI solutions
- ✓ Graduate networking sessions
- ✓ Senior Leadership Team engagement

## Here's what you can expect

### **A smooth, supported induction to get you on the right track**

An induction program will get you familiar with the business and connected with your peers. Through a combination of face-to-face and virtual interactions along with online training, you'll learn about your new team and the work you'll be doing.

### **Support along the way**

As you progress through your program, you'll have a mix of one-to-one support from a mentor, shadowing opportunities and networking events with other Graduates in the APM Group.

### **Continual professional development, to grow your skills and knowledge**

APM prides itself on investing in its people, so that as we grow, they grow with us, too. Throughout the Graduate Program, you'll be offered a series of learning and development opportunities through different parts of our business with members of our skilled team.

### **Experience a variety of case work**

Much of the work we do requires us to step out into the community, and some of it requires us to work with different industries and sectors. As a new Graduate, you'll rapidly grow your skills and experience through the variety of case work that you're exposed to.

### **You'll be creating an impactful and rewarding career**

Doing good for the community isn't something that's solely reserved for the charitable things you do in your spare time – it's something you can achieve through your work, too. As part of the APM team, you'll create meaningful impact for others while also enjoying a bright career path.

### **Our diversity makes us better**

APM is proud to partner with the Australian Network on Disability, Diversity Council of Australia, and the Valuable 500 to support an inclusive culture and workplace for our people.

# Join our team

**Your Graduate Program will enable you to experience one of these national health teams.**

---

A leading and highly experienced national workplace health team delivering injury prevention and injury management expertise to Australian workplaces – focused on positive and sustainable work, wellbeing and health outcomes for all stakeholders.

Delivering a wide range of injury prevention and injury management services across Australia to assist individuals to live and work in a sustainable way.

An allied health, safety and rehabilitation solutions provider focused on helping Australians to be safe and well at work. We have a large, national team that support Australian businesses to maximise injury recovery and support worker wellbeing.

As leaders in physiotherapy and sports medicine, Lifecare is passionate about helping people achieve pain-free movement to enable a better life.

Delivers evidence-based early intervention and therapy services to children, young adults, and their families to provide the best start for each and every child.

## Future growth and opportunity

**Being a part of the APM Allied Health Program can also broaden your career opportunities across other APM allied health brands, including:**

---

Innovative and forward thinking mental health and wellbeing provider, delivering specialist coaching, support and interactive and engaging resources to help individuals to thrive at work, in health and life.

Creating mentally healthy, safe, and productive workplaces through the delivery of prevention strategies, early intervention initiatives and education and promotion of positive mental health in organisations.

Organisational psychology consulting team delivering innovative, practical and evidence based programs to help organisations to identify, manage, minimise and mitigate risk for their workforce.

Delivering occupational health and physiotherapy consultancy nationwide, Biosymm are focused on early intervention and evidence-based practice to help clients achieve successful rehabilitation.

# APM Group is more than 14,750 people in 11 countries with a global purpose - to enable better lives.

Our purpose drives us. It's why we come to work. It's why we continue to grow.

It's how we inspire excellence and exceptional service with everyone we meet.

We started in 1994 as a small team in Perth, Western Australia, looking to provide better vocational rehabilitation for injured workers so they could recover their health and stay in their jobs.

Today we're an international human services provider with more than 1,000 locations across Australia, United Kingdom, Canada, United States of America, New Zealand, Germany, Switzerland, Spain, Sweden, Singapore and South Korea.

Our services focus on enhancing an individual's employability, health and wellbeing, and social and economic participation in their community.

For people with injury, illness or disability, as well as children and the elderly, the unemployed, and those facing hardship or harm, our teams make a positive and lasting social impact every day.

We take great pride in empowering people to realise their ambitions and aspirations through sustainable employment, independence, better health and wellbeing, and increased social participation.

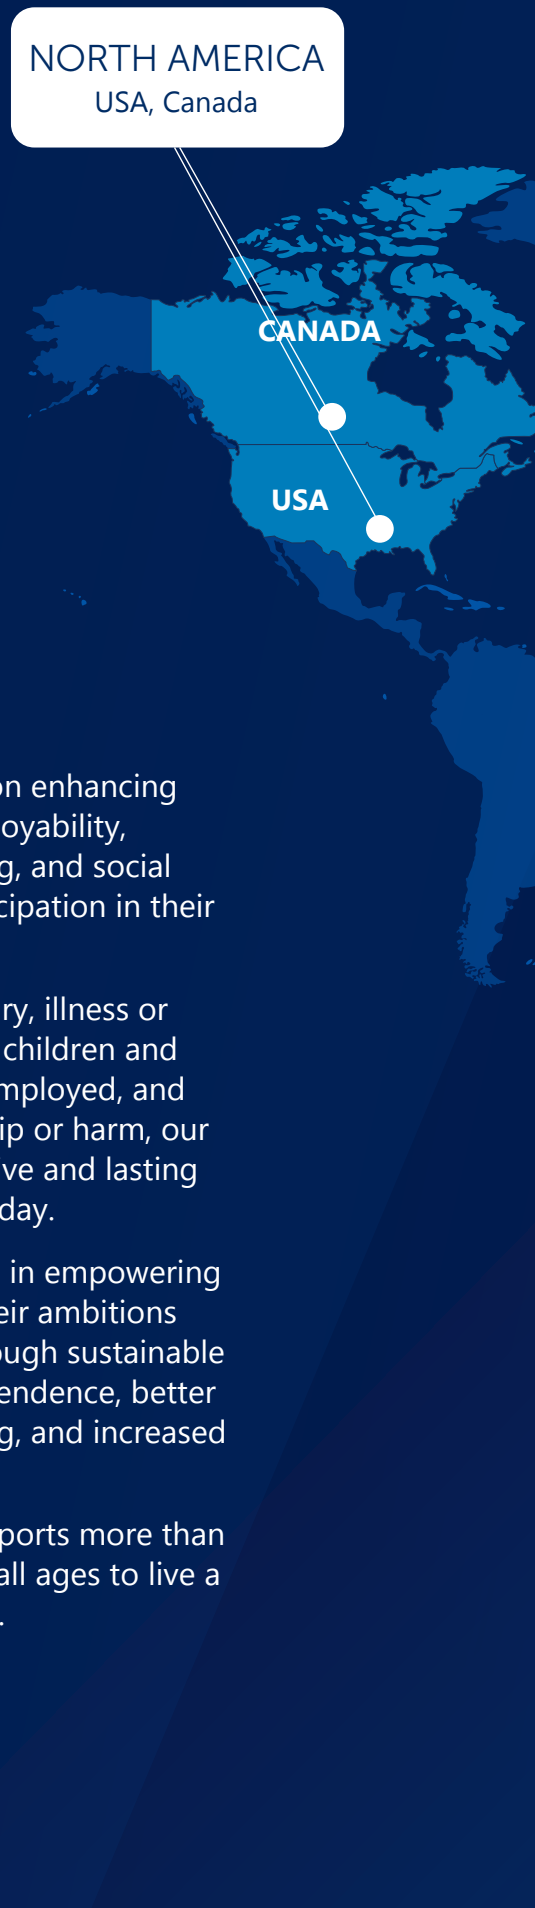

Each year, APM supports more than 2 million people of all ages to live a better quality of life.
